

Key Questions in Cardiac Surgery (Paperback)

By Narain Moorjani, Nicola Viola, Sunil K. Ohri

TFM Publishing Ltd, United Kingdom, 2011. Paperback. Condition: New. Language: English . Brand New Book. This book will systematically cover all the main topics involved in the current practice of a cardiac surgeon. It will incorporate current guidelines for practice (such as from the American Heart Association and European Society of Cardiology) and up-to-date information based on current literature. All the chapters have been written by cardiac surgeons who have recently undertaken their Cardiothoracic Board / Specialty Exit examinations and reviewed by a cardiothoracic examiner of the Royal College of Surgeons of England. Each chapter will be structured to include aetiology, pathophysiology, clinical features, indications for surgery, peri-operative management, surgical options and postoperative care. Possible complications will be discussed and the results of current practice presented. Importantly there will be a section on basic sciences related to the practising cardiac surgeon and a further section on cardiac investigations with many images illustrating the variety of pathologies. Each chapter will also contain important references for further reading and greater depth of knowledge. The data and body of knowledge presented in this book is strictly evidence-based and is relevant to all cardiac surgical trainees, at any stage of their training programme. It...
