Outskirts Press, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. An explosive spy thriller of international intrigue and espionage. Soviet Nuclear engineer, Colonel Zelta Rensky plans to use Operation Code Name Rustler - the high jacking of the US nuclear submarine, Alabaster - to defect. Lied to by the Director of the CIA he works for, her brother, Joseph Rendman a senior field agent, thinking his sister was killed during WWII, foils her attempts to escape Russia and Minister Karenev who exploited her expertise and sexuality for political gain. Her quest takes Colonel Rensky on a treacherous chase from Moscow to Cuba and back again as she comes to find love with a like-minded Russian doctor, Vassily Sovosky, and together they work frantically to outwit the KGB, Cuban Military Intelligence, and, before it s over, even the CIA. With US war plans, shocking family secrets, hidden guerrilla outposts, an impending expatriate invasion and a sunken sub carrying nuclear missiles at stake, this lightning paced action and adventure tale expertly interwoven together with a powerful love story shocks and satisfies. When they coined the phrase page-turner, they must have been thinking about CODE NAME RUSTLER. Sipple and Wolstenholme have written a novel so compellingly realistic, I wondered if it was a true story. This book is a ticket into a terrifying yet irresistible world of intrigue and love. -Jonathan D. Scott, author of LENEGRIN.
