Reviews

The ebook is great and fantastic. We have read and i also am sure that i am going to likely to go through once again again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Of greases, animal and mineral oils, and soap, the Swiss industries are again more largely consumers than producers. The average imports of these articles just prior to the war amounted to 29,000,000 francs, to 59,000,000 francs in 1918, and 70,000,000 francs in 1919. The exports prior to the war averaged 2,000,000 francs and declined, owing to war-time restrictions, to 100,000 francs in 1918, but rose to 10,000,000 francs in 1919, owing mostly to Government liquidation of important accumulations of stock. The production of soap in Switzerland is of some importance, there being one large plant established at Olten (under English control), and a number of smaller establishments in various parts of the country. The exports of soaps in 1919 amounted to 2,775,000 francs, of which about one-fourth was of toilet soaps; while the imports amounted to 8,300,000, of which about 85 per cent was ordinary soap in various forms. The figures in the...
