Forgotten Books, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The American Apiculturist, Vol. 4: A Journal Devoted to Scientific and Practical Beekeeping, January 1, 1886 This was well enough when all of us were mere students and novices, but the time has come for practical work. Thousands of families are to be fed and clothed and educated from the proceeds of the apiary, There was a time when it took years of labor and study to master the science of bee-culture, and this because it was more difficult to unlearn the blind, conceited blunders of the past, than it was to comprehend the new light that promised better things to beekeepers. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
