

## GARDENS OF MARRAKESH

By GRAY A.

FRANCES LINCOLN, 2017. LEGATURA EDITORIALE. Condition: NUOVO. Nicknamed ' the rose among the palms' , the thousand-year-old city of Marrakesh is characterised by its pink-coloured pise architecture and its deeply rooted tradition for gardens and green spaces. The majority of historic sites are inextricable from their gardens - or indeed are historic green spaces: the huge royal orchard pleasure-gardens of the Agdal were described by Monty Don as ' of international cultural importance on a par with Versailles or Villa d' Este' . Scores of traditional riads and hotels like the Mamounia, created by the French in 1923 on the site of an eighteenth-century royal residence, offer splendid gardens to the visitor. Yves Saint Laurent' s Majorelle garden is an icon of modern garden design. The first book to be published on this fascinating subject, Gardens of Marrakesh champions the city' s relevance today in a world of water scarcity and urban development and explores its green heritage, considering some twenty gardens both from an historic and cultural perspective. Pagg. 128, cm 24x27, broccura.
