ROWMAN LITTLEFIELD, United States, 2016. Paperback. Condition: New. Reprint. Language: English . Brand New Book. The Book of Mules is the must-have book for anyone who owns or rides a mule or other equine hybrid, or is otherwise a proud, perhaps even mulish devotee of such creatures in a largely horse-centered world. It is, in short, the ultimate resource on everything anyone would ever want to know about mules. The offspring of a male donkey and female horse, mules are known for their grace, strength, agility, and lovely long ears. With both charm and intelligence, these sure-footed creatures have a long-time association with the American West and a dedicated following that comes as no surprise to those who know them. The Book of Mules addresses their origin and history and breeding, and provides invaluable information on owning, riding, and showing them. It lists events, discusses health care, and provides breeding information as well as a useful glossary, resource list, and bibliography. Now in paperback!
