Wipf Stock Publishers, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Innovation Theology: A Biblical Inquiry and Exploration invites seminary leaders to explore an uncharted territory--theology for innovating. This unexplored terrain of practical and applied theology holds gems of substantive and practical wisdom for innovating in the marketplace, society, and church. Innovation Theology brings theological perspectives to the challenges of innovating and promises to transform how we make sense of change and where (and why) we choose to innovate. Innovation Theology makes the case that God continues to create and continues to invite us, through change, to co-create new value for others (i.e., innovate). Innovation Theology explores where discovery, invention, and value creation intersect (or not) with the intentions of God. Not to be confused with workplace spirituality, business ethics, or critiques of technology, theology for innovating can encourage scientists, engineers, and entrepreneurs to aim their innovating toward the common good, not just in response to the invisible hand of the market. Innovation Theology invites us to make meaning before money, aim for plumb lines before bottom lines, and reattach extrinsic to intrinsic value. The one for whom all things are possible is interested, invested, and engaged in innovating. Are we innovating with him, or not? The core idea of this remarkable book is timely, inspiring, and potentially revolutionary, especially as regards selflessness vs. self-interest. Lanny Vincent shows how theology and innovation are not at odds, but deeply complementary. Clear, elegantly written, and practical, the book offers specific direction to those who hope to keep their work wise, humane, useful, and will surely enrich readers understanding of their own purposes. --Marilyn McEntyre, PhD, author of *Caring for Words in a Culture of Lies* When scientists and engineers attempt to create new value for others,...
