Excerpt from Bibliography of the Geology and Mineral Resources of California: For the Years 1931 to 1936, Inclusive The bibliography forming Part I of this publication is intended to include the publications dealing with geology, paleontology, mineral ogy, petrology, economic mineral resources and related subjects of California. An attempt has been made to list all the published material deal ing with these subjects that have to do with California in any way from January 1, 1931, to December 31, 1936. This bibliography is also intended to include references to all publications that were omitted from Bulletin 104. In some cases abstracts were published after the articles were published and references made to them in Bulletin 104. Those abstracts have been included in the present bibliography. The plan followed in this bibliography is similar to that used in Bulletin 104 of the Division of Mines. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
