Career Press, United States, 2007. Paperback. Condition: New. Language: English . Brand New Book. Nick Redfern is a full-time author and journalist specialising in a wide range of unsolved mysteries, including Bigfoot, the Loch Ness Monster, UFO sightings, government conspiracies and alien abductions. For centuries, people across the world have had a fascination with monsters and strange creatures. They marvel at the tales and legends of the Bigfoot ; of the Abominable Snowman ; of the infamous and diabolical Moth-Man. But do such creatures really exist? Can it be true that our planet is home to fantastic beasts that lurk deep within its forests and waters? MEMOIRS OF A MONSTER HUNTER proves the answer is a resounding yes! In this follow-up to his wildly successful *Three Men Chasing Monsters*, paranormal investigator and author, Nick Redfern chronicles his surreal journey in search of all-things monstrous. His strange adventures lasted five years and saw him doggedly pursuing a menagerie of creatures, including gargoyles, giant birds and what some believe are living dinosaurs. Follow Redfern as he explores the El Yunque rainforest of Puerto Rico in search of the terrifying Chupacabras: a razor-clawed, glowing-eyed beast that is part giant bat and part vampire. Travel with him as he seeks out the Goat Man: a menacing creature that evokes imagery of both demons and the fabled cloven-hoofed Centaurs of ancient mythology and is said to inhabit the forests of East Texas and chases after what many people believe are real-life, flesh-and-blood werewolves that surface from hidden lairs and prowl the countryside when the Moon is full.
