## Archival Theory, Chronology and Interpretation of Rock Art in the Western Cape, South Africa (Paperback)

By Siyakha Mguni

ARCHAEOPRESS, United Kingdom, 2017. Paperback. Condition: New. Language: English . Brand New Book. Since absolute dating of rock art is limited, relative chronologies remain useful in contextualising interpretations of ancient images. This book advocates the archival capacity of rock art and uses archival perspectives to analyse the chronology of paintings in order to formulate a framework for their historicised interpretations. The Western Cape painting sequence is customarily accepted to include the hunter-gatherer phase from c. 10,000 BP, pastoralism from c. 2,000 BP and finally the historical-cum-colonial period several centuries ago. Painting traditions with distinct depiction manners and content are conventionally linked to these broad periods. This study evaluates this schema in order to refine the diverse hunter-gatherer, herder and colonial era painting contexts and histories. Using superimpositions as one analytical tool, the notion of datum aided the referencing and correlation of layered imagery into a relative sequence. Although broad differences separate painting traditions, and these variations are generally indistinguishable within a single tradition, it is clear that the long-spanning hunter-gatherer segment of painting in this region reflects a hitherto unrecognised sub-tradition. Some painted themes such as elephants, fat-tailed sheep, handprints and possibly finger dots occur within various levels of the...
