

Emerging Ito and Bpo Markets: Rural Sourcing and Impact Sourcing

Filesize: 2.38 MB

Reviews

Here is the finest publication we have read right up until now. It is actually written in easy words instead of difficult to understand. It has been written in a remarkably easy way in fact it is only right after I finished reading this book in which basically changed me, modified the way I really believe.

IEEE Computer Society Press, United States, 2012. Paperback. Book Condition: New. 254 x 175 mm. Language: English . Brand New Book ***** Print on Demand *****.This publication explores two overlapping niche sourcing markets: rural sourcing and impact sourcing. Rural sourcing is the practice of locating information technology outsourcing (ITO) or business process outsourcing (BPO) delivery centers in low-cost, non-urban areas. Impact sourcing is the practice of hiring and training marginalized people in ITO or BPO services who normally would have few opportunities for good employment. Rural sourcing and impact sourcing intersect when marginalized people in rural areas are hired, trained, and employed in ITO or BPO businesses. Based on 62 interviews with providers and clients in the US, Israel, India, and China, this concise study discusses challenges, best practices, and lessons for providers seeking to build ITO and BPO capabilities in remote areas or with unique populations and for clients seeking to buy their services.
