

## What s Chemistry All About? (Paperback)

By Alex Frith, Lisa Gillespie

Usborne Publishing Ltd, United Kingdom, 2012. Paperback. Condition: New. Adam Larkum (illustrator). New edition. Language: English . Brand New Book. This is a fantastic new science book, explaining chemistry in an informal, fun and informative way. Written in a conversational style, this book offers children an approachable source of information on key subjects such as the periodic table, atom structure and radiation. Chemistry is brought home to the reader as the book describes the chemistry of everyday life - from the chemical processes that break down food while eating to the atmosphere. Complicated topics are kept fun with a variety of devices including comic strips, fact boxes and nerdy notes - post-it notes with handy mnemonics written on them. Simple, fun experiments give children working examples to learn from.

### Reviews

*Unquestionably, this is actually the very best job by any article writer. I have read and that i am certain that i am going to planning to go through once again once more in the foreseeable future. I realized this publication from my i and dad advised this pdf to find out.*

-- **Rusty Hamill Sr.**

*Completely essential read pdf. It is definitely simplistic but shocks within the 50 % of your book. Its been designed in an exceptionally straightforward way which is simply following i finished reading through this publication in which actually changed me, change the way i believe.*

-- **Damon Friesen**
