Seven Stories Press,U.S., United States, 2015. Paperback. Book Condition: New. 198 x 127 mm. Language: English . Brand New Book. Siamese fighting fish, cockroaches, cats, a snake, and a strange fungus all serve here as mirrors that reflect the unconfessable aspects of human nature buried within us. The traits and fates of these animals illuminate such deeply natural, human experiences as the cruelty born of cohabitation, the desire to reproduce and the impulse not to, and the inexplicable connection that can bind, eerily, two beings together. Each Nettel tale creates, with tightly wound narrative tension, a space wherein her characters feel excruciatingly human, exploring how the wounds we incur in life manifest themselves within us, clandestinely, irrevocably, both unseen and overtly. In a precise writing style that is both subtle and spellbinding, Nettel renders the ordinary unsettling, and the grotesque exquisite. Natural Histories is the winner of the 3rd Ribera del Duero International Award for Short Narratives, an important Spanish literature prize. From the Hardcover edition.
