Key Features: - Contains updated case studies from Indian organizations - Focuses on current and emerging strategies in organizational structures, leadership, power and politics - Covers topics like balancing work and other responsibilities, power and politics, and conflict and negotiation, which, though extremely crucial to organizational behaviour, have perhaps not got due attention in the existing literature - Presents the relatively unexplored effects of Indian culture on organizational behaviour. Provides a platform where both theoretical and practical issues can be addressed by managers, researchers, students, and teachers alike. Printed Pages: 448.
