Benefits to business include: Boost productivity How hard do you work in other areas of your business to cut costs and improve efficiency In testing economic times, is the absence of a clear strategy for your business s IT governance still a realistic option Learning from Accenture s proven approach will enable you to increase your organizations competitiveness over the longer term. Coordinate your operations To ensure effective decision-making and align your IT function with your broader business goals, you need to make the structure of your IT governance fit your overall corporate governance structure. That way, you can make your IT work for your business. Manage change effectively IT is crucial for realizing the changes you want your business to make. For this reason, you cannot afford to have these changes treated merely as IT projects that have been foisted on the company by the IT department. By bringing top management on board, and giving business leaders a formal role in the IT governance of your organization, you will make the success of any project with an IT component much more likely. Keep a grip on budgets The costs of IT projects are notoriously prone to overrun, while some IT development programs have promised more than they ever delivered. The Accenture way of doing business is different. Following the...
