Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Mothers are important people, and sometimes kids don't like to listen to their mothers and fathers; but it is very important that they listen, because mothers and fathers do have some important things to say. And you don't want to miss a word. Who you ultimately become and what you do with your life is ultimately up to you, but all of us are given some very special people along the way who have nothing in their hearts but love for you and the desire to help you along on the very exciting journey of your life! And yes! Dreams can come true. All you have to do is work hard and follow what is in your heart, and you can make anything happen. When your mother talks to you about your dreams, take out the earwax and potatoes growing in your ears and listen. And please remember that your dreams are unlimited, so make as many dreams come true as you like and feel free to change them as you go along. Only you can make your dreams. Written and illustrated by award winning author, attorney, and former K-12 teacher, Penelope Dyan, this is a must have book with a great big purpose!.
