Reviews

Great electronic book and useful one. It can be written in straightforward terms rather than difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

While Descartes, at its full I think, therefore I am, advocated, as Plato before had done, the supremacy of the Spirit (IDEA) on the field, Bacon, on the other hand, argued that, in the pursuit of knowledge, we needed to worry about getting rid of idols, false concepts andor ideas that migrated to our being, for the human spirit, as if they were loved, that is, as human beings that we took in the condition of the possessors of ideas and put on condition of enslaved mere possessed by them (ideas), giving us, however, at the same time, the illusion andor feeling of being Hyper aware. Later, at the end of the modern era andor beginning of contemporary art, the clash continues: now, however, between Hegel and Marx andor vice versa. The ideas of Hegel are not very different from those of other idealists. But, those of Karl Marx, were innovative, or better, revolutionary: he, Marx, has created the materialist theory of history andor better, the so-called dialectical materialism andor the idea of praxis, which many educators, such as Paulo Freire, to their ways, began after the draw also from pedagogical praxis. Now, but what comes to be the principle Marxist dialectical I am not here to explain the thought of Marx, because the same, already explained by itself. In short, what we can say is that he, the principle dialectic, is the same as a kind of complexity of obvious. That is, by means of its principles it is recommended, among other things, that: 1- The practice andor material cannot be reduced andor should not be reduced to theory; and, that: 2- Neither the theory andor the idea should...
