Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.This controversial book explores the comparisons between the over 10,000 lynchings during the Jim Crow era in the United States, and, contemporary rape hysteria in modern times. This book shows how the government is openly sponsoring, and financing, a lynch mob mentality that not only leads to the death and assault of innocent men, but, affects large segments of our demographics. As an example, Mr. Davis explores the current rape hysteria that is prevalent on U.S. campuses, and, how that rape hysteria has created a hostile environment for men (with the consequence that the number of male graduates from U.S. colleges and universities is plummeting). Mr. Davis shows how our culture, and our judicial system, have been corrupted to insure the conviction of innocent men who are accused of rape, and, to encourage women to make false accusations of rape. He explains, in this book, how the government actually pays women to make false accusations of rape. Through citations to scholarly articles, and real case studies, Mr. Davis shows how the real rate of false accusations of rape is almost 60 , and, how our culture is promoting violence against innocent men merely to fulfill an obsession that is identical to the obsession that lead to lynchings at the turn of the 20th century. Finally, Mr. Davis explores the necessary steps we must take to prevent rape hysteria from undermining our culture and our justice system. The book includes many graphics illustrating, in simple terms, complex concepts regarding false accusations of rape. It also contains various draft legislation pieces for addressing, and appropriately punishing, women who falsely accuse men of rape.
