This book is a detailed manual of the e-cigarette. But along with hard facts, personal experiences also provide the stimulus for this publishing effort. I have been puffing cigarettes as long as I can remember, and it was inevitable that I would not only contract a sinus, but also go through a throat surgery. Undergoing the medical procedure, I was strictly warned not to smoke for a week. Since I had no other choice, I figured out that after 29 long years, the time had come for me to say goodbye to smoking. And then I saw an ad for e-cigarettes on the internet. The particular one I saw was an ego tank type, and at that time I was simply confused as to what it really was. But somehow I managed to order it along with 18 mg strength nicotine, and I received it the next day. I took the first puff and had an epiphany! The product was clean and had a superb taste. I was getting my dose of nicotine without taking in the bad stuff like tar and other carcinogens. The best part is that I could smoke at home, and anywhere else for that matter. And so I have been using e-cigarettes ever since. All the material in this book comes from my personal experience. In this 2nd Edition I updated the book and the information as this is an ever changing industry and new e cigarette devices are coming out every so often. If I could, I wouldve left this e-book a 10-stars rating for offering the most complete and informative account on the best electronic cigarette kits available on the market today. This...
