

## La Reutilisation Des Eaux Usees Traitees En Agriculture

By Hella BEN BRAHIM NEJI

Editions Universitaires Europeennes. Paperback. Condition: New. 252 pages. Dimensions: 8.7in. x 5.9in. x 0.6in. Les eaux usées traitées utilisées en agriculture permettent de résoudre en partie le problème de rareté des ressources hydriques, cas de la Tunisie, et de diminuer les rejets de effluents purs dans les milieux aquatiques et terrestres. Cette ressource peut avoir différentes qualités, selon le type de traitement. Pour le cas de la Tunisie, cette eau est traitée au niveau secondaire. La législation tunisienne limite son exploitation en agriculture des cultures faible valeur ajoutée. Ce fait n'encourage pas l'agriculteur à exploiter et reste méfiant quant à ses caractéristiques bactériologiques et physico-chimiques qui peuvent nuire à sa santé. Devant un tel dilemme, plusieurs questions se posent: faut-il continuer l'expérience de réutilisation des EUT dans le périmètre de Cebala? faut-il améliorer la qualité de la ressource? faut-il la remplacer par une ressource conventionnelle? La décision de prendre ce niveau est complexe, d'autant plus que les objectifs du décideur sont conflictuels. L'objectif de ce livre est de présenter une aide à la décision multicritère, permettant de choisir l'action adéquate pour valoriser la réutilisation. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.

### Reviews

*A superior quality book along with the font employed was exciting to see. It is one of the most amazing books I have ever read through. You won't really feel monotony at any time of the time (that's what catalogs are for about in the event you ask me).*

-- **Santina Sanford**

*Absolutely one of the best books I have ever studied. It is actually written in simple terms rather than confusing. I realized this PDF from my dad and I suggested this PDF to understand.*

-- **Garry Quigley**
