TALES FROM THE FUNNY FARM II (PAPERBACK)

Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Folk whose mental equilibrium is temporarily disturbed; those who are plain crazy in latter-day asylums or modern mental hospitals; the mad, the bad and the dangerous who must be locked up for their own safety or that of others - all have a tale to tell. In *The Realisation of Mortality*, a man joins his ancestors in the crypt long before the end of his allotted time; in *Wrestling with Daemons*, the Pandora's box of the mind is opened; in *I Left My Brains in San Francisco* the wealthy protagonist is committed to an asylum by relatives eager to lay hands upon his estate; in *They're Coming To Take Me Away* mysterious beings assail an old lady; and in *The Denizen of the Abyss* a trio of adventurers become enslaved to an evil idol on Barsoom. Voices from the past and nowadays relate their experiences of insanity or unreality or both for there is always a question as to whether they have experienced weird occurrences or are merely mad. Whether or not they are is an open question.
