Brand New Book ***** Print on Demand *****.Excerpt from An Anthology of Babyhood The child is the great discovery of modern times, so that an Anthology of Babyhood must of necessity seem overweighted at one end. The present age regards the little people with a love amounting almost to adoration, studies carefully the unfolding petals of the baby-mind, and determines at all costs to keep the child a child. This is the attitude which is voiced in most of the poems here collected. In the pages of many of the great poets of bygone days we may search in vain for any mention of the child: we shall find sonnets To the Rosette on my Mistress Slipper, passionate prayers To the Comb in my Mistress Hair, odes to Depression, Despondency, Jocosity, and a thousand abstract frames of mind. But to our forefathers the child was no fit subject for poetry, unless death had stilled the restless little hands, or a fathers falseness and a mother s grief made it the centre of a woman s tragedy.
