Dover Publications Inc., United States, 1999. Paperback. Condition: New. Language: English . Brand New Book. One of the most influential composers of the twentieth century, Claude Debussy overturned traditional concepts of form, harmony, rhythm, and orchestral coloration in creating a body of music characterized by innovation on the highest level. Among his most popular works are the compositions in this volume: Pr lude a l apr s-midi d un faune, one of the great seminal pieces of its time, despite its brevity; and the three Nocturnes (Clouds, Festivals, and Sirens) - - exquisite, evocative models of impressionism. These important full scores are reproduced here from authoritative early editions.
