Reported as true, this is a collection of reports shown as originally written about ghosts, hauntings and other unexplained phenomena from 1858 to 1922. Drift back to the time frame as you read things like Mary, a sister of Jane, declares she has frequently seen a hand protrude from closet doors, has heard queer noises at night and has even observed the ghost s flight from a closet through the room, Then she faded out just as I have seen pictures on a screen fade away and My children began to see the ghosts soon after we moved into our flat, Half the police force is engaged in watching a haunted house and trying to catch the ghost and much more such as . the large bones of the heel, a patella, a rib, and various bones of the hands and feet, were showered upon the astonished doctors, when the ghost by a master-stroke eclipsed all his previous brilliant achievements. At last, says the doctor, as all of us were standing at the table, suddenly there fell down in the midst of us a bag containing sixty one of the smallest bones of the human body.
