Military Aeroplanes: An Explanatory Consideration of Their Characteristics, Performances, Construction, Maintenance and Operation, for the Use of Aviators (Classic Reprint) (Paperback)

By Grover C Loening

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Military Aeroplanes: An Explanatory Consideration of Their Characteristics, Performances, Construction, Maintenance and Operation, for the Use of Aviators Although Aviation is a new field of human endeavor, its application to the art of warfare is already becoming a specialty. Only recently has it been appreciated, that military requirements have a most vital and important influence on many features of aeroplanes not only in the art of using them in military operations, but in their fundamental design and construction. It is planned, therefore, to give particular attention here to the military aeroplane, as we find it today emerged from a crude state of invention and development into a more or less finished product, which, in the greatest war of history, has gloriously demonstrated its strategical and tactical importance. It is no longer necessary to speculate on the uses of aeroplanes in warfare. What has actually been accomplished in directing artillery fire, in reconnaissance, in dispatch-carrying, and in offensive work has opened a new phase of warfare, as significant as it is surprising. The technique of the use of aeroplanes in strategy...
