See the author page for the undated version and other dated versions available. The student planner for your inner rebel! Youre a creative student. You need the flexibility to record your schedule of classes and activities in the way that works best for you. Plan one semester at a time, and avoid being overwhelmed. A variety of blank lists, graphs and boxes make this ideal for the student who loves to doodle, create and organize. Class pages track projects, labs, exams and contact information. Calendars have extra pages for the weeks surrounding each semester. There are no suggestions for what to put in what box (other than the form for your individual classes.) Since you might possibly want to pass those classes, it might be a good idea to fill in the requirements. No pressure. Its your life. Sadly, we simply couldnt get around the fact that there are seven days in a week, and they all have names. But you can rename them if you want. See the back cover and/or the Look Inside feature to see the individual forms. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
