These flowers close as soon as the sun is high, but exactly then is when the Portulacca is wide open and a bed of them is very beautiful indeed near the scene of the morning work. I believe in having flowers where the occupants of the home may get the benefit of them. Make the earth fine and sow plenty of the Portulacca seed broadcast. I prefer the single to the double variety. When these have come up, thin the tiny plants to stand six inches apart. No flower, unless it be the Nasturtium, will stand drought and poor soil so well. Flowers for mid-day are plenty, but it is worth remembering that the Moonflower begins to open late in the afternoon and continues on until some time in the middle of the next forenoon This vine will grow thirty or forty feet in the season. The Moonflower. seen in the evening from the living-room or verandah is a lovely sight. It is better to get young plants from the florist, though they may be started from seed in the house early in March. Another plant that beautifies the early evening landscape is the Nicotiana. Its fragrant starry white varieties grow from two to five feet high. The seeds of this plant are extremely small, and need...
