Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.It will be seen very quickly that this little book makes no pretension to being a commentary on, or an exposition of, John s Gospel. That is left to the scholarly folk who eat their meals in the sacred classical languages of the past. It is simply a homely attempt to let out a little of what has been sifting in these years past of this wondrous miniature Bible from John s pen. The proportions of this homely little messenger of paper and type may seem a little odd at first. The longest chapter is devoted to only the opening eighteen verses of John, the prologue. While the whole of the first twelve chapters of John, excepting that prologue, is brought into one smaller chapter. It wasn t planned so, though I felt it coming as the wondrous mood of this book came down over me. I think it must be the effect of the atmosphere of John s book.
