

How to Start a Business Analyst Career: The handbook to apply business analysis techniques, select requirements training, and explore job roles . career (Business Analyst Career Guide)

By Laura Brandenburg

Clear Spring Business Analysis. Paperback. Condition: New. 244 pages. Dimensions: 9.0in. x 6.0in. x 0.6in. With the average salary for a business analyst in the United States reaching above 90,000 per year, more talented, experienced professionals are pursuing business analysis careers than ever before. But the path is not clear cut. No degree will guarantee you will start in a business analyst role. What's more, few junior-level business analyst jobs exist. Yet every year professionals with experience in other occupations move directly into mid-level and even senior-level business analyst roles. My promise to you is that this book will help you find your best path forward into a business analyst career. More than that, you will know exactly what to do next to expand your business analysis opportunities. What's new and noteworthy in the 2015 edition: The second edition has been re-organized, expanded, and updated for 2015 and includes a new forward by Software Requirements Memory Jogger author Ellen Gottesdiener. There are two brand-new chapters on career planning along with expanded descriptions of business analyst job roles, a walk-through of a realistic business analyst workday, and discussions of how the latest certifications fit into your career plan. Here's what's included in...
