Thomas Ford draws on his background in psychology and philosophy and his extensive study of the world's religions to bring us this unique question-and-answer session with God. Our Heavenly Father communicates with us and serves us every day, assures Ford-but we have to pay attention and let him lead us in all areas of our lives. For anyone seeking comfort and direction in these often troubled times, these pages explore the kinds of issues we all ponder, including how man treats his fellow man, the gift of free will, infinity, science and its relationship to God, unconditional love, death of the physical body, spiritual development, and heaven. As guide, teacher, and mentor, God shows us how the ego keeps us from the knowledge that will set us free and encourages us to maintain faith even when we stumble or lose our way, recognize the beauty in all living beings, overcome perceived limitations, and use the power of thought to realize the miracle that is already within. Inspiring and insightful, In Conversation with the Quantum God illustrates how to take one of our most important relationships-the one with the ultimate Creator-face it head-on, and make it life's most fulfilling experience.
