THERMODYNAMIC THEORY OF SITE-SPECIFIC BINDING PROCESSES IN BIOLOGICAL MACROMOLECULES (PAPERBACK)

CAMBRIDGE UNIVERSITY PRESS, United Kingdom, 2005. Paperback. Condition: New. Pbk. Language: English . Brand New Book ***** Print on Demand *****.This book provides the first systematic treatment of the thermodynamic theory of site-specific effects in biological macromolecules. It describes the phenomenological and conceptual bases required to allow a mechanistic understanding of these effects from analysis of experimental data. The thermodynamic theory also results in novel experimental strategies that enable the derivation of information on local, site-specific properties of a macromolecular...
