WW Norton Co, United States, 2011. Paperback. Book Condition: New. 208 x 140 mm. Language: English . Brand New Book. As we learn more about how our biology and genes can play into the development of a mental health disorder, patients and their families are increasingly seeking answers to tough questions about common risk factors, the likelihood of recurrence, the need for genetic testing, and implications for future generations. A practical, go-to resource for all mental health clinicians, this guide explains just how to address these questions and concerns in a way that is comprehensible and compassionate. Filled with case studies, sample dialogues, and question-and-answer examples, it is an essential roadmap for practitioners, helping them to demystify a complex issue for their clients and equip them with the accurate, reassuring information they need.
