D.K. Printworld (P) Ltd., New Delhi, India, 2014. Hardcover. Book Condition: New. Dust Jacket Condition: New. First Edition. This volume, a compilation of fourteen research papers of high value, presented at an international seminar organized by the Rajiv Gandhi Campus of Rashtriya Sanskrit Sansthan, Sringeri, highlights the contribution of Sanskrit to the development of world thought. The first available text of the entire human race is Rigveda, and it is in Sanskrit. Since then the text-writing tradition of Sanskrit through ages has significantly contributed to the world thought, be it philosophy, mathematics, astronomy, grammar, medicine, ecology, public administration, poetry and poetics, among many other branches. Taking a cue from such a historical lineage, this volume showcases topics the contributions of ancient Indian thinkers to linguistics; some speculations on the contribution of Sanskrit to the world thought; significance of Ramayana in world literature; Sanskrits influence on Western phonetics; arthamatralaghava; elements of ecology in Ramayana; techniques of Theodor Stcherbatsky and his followers in translating Sanskrit philosophical texts; Sanskrits contribution to conscious studies; donation and value: its concept and expansion; Abhinavaguptas sarvamsarvatmakam; management wisdom which permeates in Sanskrit texts; twists and turns of Yoga in America; perspective of inspirational leadership from Gita; and reception of Natya in Europe, specifically in Croatia. The icing on the cake is that the book presents research papers of the top three Sanskrit scholars of the world. This, with other scholarly articles, makes the volume a collectors choice. Printed Pages:254. Size: 15 x 23 Cm.
