In the near future, America is a shadow of its former glory. But for button-down banker George Winston, the only question is: What the hell is going on this morning? Suddenly, he can barely recognize his wife, daughters, and colleagues. Not even his doctor is his doctor. What s more, George is about to discover that the road to freedom is fraught with many perils It starts with abrupt, violent headaches and disturbing mental images leading to blackouts and confusion. Things get even stranger when the shooting starts and his wife is assassinated right in front of his eyes. George has been targeted for termination by a clandestine organization known as the Trident Group, which had been monitoring his life for some time. And what of the cryptic messages regarding his real identity from another enigmatic outfit calling itself the Pegasus Project? George s involuntary plunge into the murky waters of dementia hurtles him headlong into a bizarre world where friends are enemies, and enemies are friends. A harrowing flight for his life sends him careening across the United States,...
