China should move toward modernization. management must be modern. but as the ideological foundation of the administration and management activities must first modern values. Only the values ??of modern management timely and firmly established. in order both to ensure the management of modern society as a whole to become self-conscious behavior management activities and norms. but also to ensure that management will not deviate from the direction of modernization. However. although the modernization of Chinese society is a vast. complex large projects. but more difficult work is based on the values ??of modern construction management. this work is fundamental. but also a fundamental or decisive its great significance. Management values ??the value of building on top management. the management is not what we usually understand the value that the management role and function. but the role and function of the point. as the purpose of human needs and human needs met. In this regard. people. human needs and to meet human needs is the logical starting point the..
