Excerpt from Woods Bible Animals: A Description of the Habits, Structure, and Uses of Every Living Creature Mentioned in the Scriptures, From the Ape to the Coral. The author of Bible Animals has long been known in England and America as a learned and accurate as well as popular writer in various departments of natural history. He has the happy faculty of making the results of dry scientific study and painstaking observation interesting and instructive to all classes of readers. He throws himself into his work with that quiet and genial enthusiasm which awakens sympathy and inspires confidence. He does not mingle so much of romance with sober reality as to leave little distinction between the facts of science and the pleasantries of fiction; nor is he so tied to detail and definition that the reader gets nothing but the bare skeleton when he would see the grace and action of the living body. Mr. Wood writes about birds and beasts as if he knew them and liked them, and so he makes his readers like them too. He speaks so truly and...

Reviews

Undoubtedly, this is the best job by any article writer. This really is for all those who state that there was not a worth reading. I am very easily can get a enjoyment of reading a published pdf.

-- Rowena Leannon

Complete guideline for publication fans. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.
