

Vehicles of Inquiry: A Contemplative Journey

By Sue Lewis

CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 86 pages. Dimensions: 10.0in. x 8.0in. x 0.2in. Recognizing that a VEHICLE is a conveyance through which ideas are expressed and believing that INQUIRY is a piece of the investigative search for truth, these VEHICLES OF INQUIRY aim to transport you from your current site to a more authentic place where you might wish to BE. The images began as an art collection of oil paintings, mixed media collages, drawings, and one of a kind fabricated silver and gold jewelry pieces shared in solo gallery shows. A book seemed a natural transition for the series. The title for each art work is presented in the form of a question. It is the intention that the title drives the vehicle. Each is without a driver, inviting you to climb aboard, navigate the journey, and ponder your responses. To fully appreciate the discoveries on this path will depend upon your willingness to become fully engaged with each vehicle. On this journey the only luggage needed is a wandering, wondering spirit and an open, curious mind. Happy Travel! This item ships from La Vergne, TN. Paperback.
