KENT: NORTH EAST AND EAST (HARDBACK)

Yale University Press, United States, 2014. Hardback. Condition: New. Revised ed.. Language: English . Brand New Book. The exceptionally rich architecture of eastern Kent is covered by this fully revised, updated, and expanded edition of John Newman s classic survey, first published in 1969. This city of Canterbury is the county s greatest treasure, and its glorious cathedral is the first mature example of Gothic architecture in England. The influence of Canterbury appears also in the remains of St Augustine s 17th-century mission churches, and in sophisticated Norman carved work at churches such as Barfrestone. Kent is also a maritime county, and its coastal towns are excitingly diverse: the royal stronghold of Dover with its mighty medieval castle; the medieval port of Sandwich; and resorts large and small, from genteel Folkestone to lively Margate, with its bold new art gallery.
