Twenty-seven year old, Kelsey Kellie Hamilton was caught up in the economic housing disaster. Losing his home, his job, and having to reinvent himself, Kellie went back to school for his certificate in massage therapy and is hired by an elite spa in West Hollywood. Though Kellie had experienced happy endings in the past while getting massages from older men, he was going to abide by the rules and not get sexual with his clients. Montgomery Monty Gresham, an ex Navy SEAL plans to open up a SEAL training boot camp for civilians, and decides getting referrals from a celebrity club in LA would be a perfect idea. While Monty recruits members to his military training center, he meets the handsome massage therapist, Kellie Hamilton. The contact between Kellie and Monty while Monty is on the massage table instantly sends both men into a state of pure sexual arousal. In this heightened state, where two opposites certainly are attracted, Kellie needs to decide if the tough thirty-eight year old ex-military man will be his Happy Ending, or if living happily ever after is just a fairy tale.
