Reviews

Simply no words to explain. It really is basic but shocks from the fifty percent of the ebook. I am just happy to explain how this is the finest pdf we have read within my personal life and could be the best ebook for possibly.

IDRAWALOT - 2009: A YEARLY ANTHOLOGY OF DRAWINGS (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2011. Paperback. Condition: New. Karl Addison (illustrator). Language: English . Brand New Book ***** Print on Demand *****. A Yearly Anthology Of Drawings by Karl Addison during 2009. Addison currently lives and creates in Berlin. The drawings in this book were done in California, Chicago, New York, Arizona, Seattle Tokyo. Idrawalot - 2009 is a collection of yearly books from the year of drawing. As Karl Addison s art and vision evolves-from blank slate, to pen, to paper, to t-shirt, to mural, to installation, to unoccupied public space-so does our understanding and comprehension of the world around us. We may not notice his input, infiltrating our subconscious-our everyday-but it s there. Negative space filled with a lonely boy s heart of bricks, a surprise polar bear attack in an alley famous for its gum wall graffiti, and a giant squid eating an octopus, giving lush tones of deep blue and magnetic orange to an otherwise dismal neighborhood. Addison s art is everywhere, following us wherever we go, whether we know it or not. His purpose (it seems) is three-fold: to amuse us the first time we discover one of his pieces, to draw us in-inviting us to take a closer look, and to make us stop and see every minute detail-and in a sense, to stop and see him. He wants us to value his tiny lines, his details, to appreciate his world-view and hopefully, start extolling the tiny details in our own lives. It takes an extraordinary person, one with talent, courage, and patience, to express himself the way Addison does. To project his voice and vision for the world to see-to rip it out of a sketch book or a blank page in his mind-and actualize it. To take it beyond the...
