Princeton University Press, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book. Gerald Janecek describes the experiments in visual, literature conducted from 1900 to 1930, the heyday of the Russian Avant Garde. Focusing on an aspect of Russian literary history that has previously been almost ignored, he shows how Russian writers of this period tried unusual methods to make their texts visually interesting or expressive. The book includes 183 illustrations, most from rare publications and many reproduced for the first time. The author discusses such figures as the Symbolist Andrey Bely, the Futurists Aleksey Kruchonykh, Vasili Kamensky, and Vladimir Mayakovsky, and the post-Futurist Ilya Zdanevich, and their use of devices ranging from unorthodox layouts and florid typography to roughly done lithographed or handmade books. Originally published in 1984. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.
