Read Books, United Kingdom, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This vintage book contains a short but complete guide to producing and selling peaches. Profusely illustrated and including information on all aspects of peach production, this book is highly recommended for modern farmers, and would make for a great addition to collections of fruit growing literature. Contents include: Picking, Sorting, Packages, Transportation, Selling Methods, and The Home Market . Frank Albert Waugh (1869 - 1943), was an American landscape architect whose career focused upon recreational uses of national forests, the production of a highly natural style of landscape design, and the implementation of ecological principles. Many vintage texts such as this are becoming increasingly rare and expensive, and it is with this in mind that we are republishing this volume now, in an affordable, modern, high-quality edition. It comes complete with a specially commissioned new introduction on fruit growing.
