Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from *Adventures in the South Seas* Many of those who oppose the work of evangelizing heathen races assert that a people found in heathenism are better left as they happen to be when discovered. This amazing allegation has sometimes been made even in relation to the wild tribes of the South Seas. To take such a position is to acknowledge that for these island peoples unrestrained murder is better than the enjoyment of life under conditions of peace and safety; that unrelieved misery is better than joy and happiness, secured to them by an ordered government; that enslaving fear is better than the confiding trust that now marks their intertribal and interisland relationships; that the entrenched superstitions of idol and demon worship are better than the comforts and blessings of the Christian faith; that their former loathsome depravity is better than the comparative refinement and elevation of their present condition; that brutalized immorality is better than gospel morality; and that their former terribly dwarfed mentality is better than their present enlightenment and remarkable mental development. These assertions seldom come from those who are not actively opposed to the application of gospel principles in these islands. The mental awakening which invariably follows the renouncement of heathenism and the acceptance of the gospel by these native races, is neither wanted nor encouraged by those who maintain such an attitude. Such persons are opposed to the assertion of gospel power anywhere. Therefore, they are opposed to its asserting itself in the South Sea Islands. Their purpose is selfish. Their attitude is preposterous. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This...
