iUniverse, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Jarred Glickman learned early on that a man is only what he thinks he is-and nothing more. In his quest to satisfy his father's values, Jarred discards his dream of becoming a photographer, marries, and begins attending medical school. Desperate for a loan so he can continue school, Jarred innocently signs his life away to a man who promises he will never have financial worries again. But as the Vietnam War rages, Jarred has no idea he has just signed up to join a military intelligence operation and, in the process, forever changed his destiny. As he attends weekly stealth lectures by a retired submarine commander, Jarred learns more than he ever wanted to know about war and soon receives his first assignment at a political rally in downtown Philadelphia. Successful at achieving his objectives, Jarred is triumphant-albeit only for a short time, for his success moves him to the next level of intelligence and sends him to Saigon. He must leave his young family and put his life in jeopardy for those who now own him. Never in his wildest dreams could Jarred have predicted what he has become-a dark angel obedient to his convoluted destiny.
