Reviews

It is one of the most popular books. I am quite late in starting to read this one, but better than never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Scotch, Jews, Germans, Americans and French who happen to go to South Africa in these latter days. Now I deny 1in toto the right of any man to any more of the earth s surface than is necessary for his own use. The faet of a Dutchman going to South Africa 200 years ago does not give him a particle of right to any more of the soil of South Africa than he has under the plough than the man that goes there in 1902. I deny the right of any man to ten square miles in England, Ireland Scotland, South Africa or Canada while other men have not a square yard. If we have a right to go to China and dictate. To the Chinaman at the mouth of the cannon how he will treat our missionaries and merchants, the Chinaman ought to have equal rights...
