BRAND NEW, Infrastructure: Spotlight on Leadership: 2012, Jonathan Miller, The sixth in a series of annual reports exploring infrastructure investment and trends around the world, this book examines the subject from both national and global perspectives and provides key insights on the future of infrastructure planning and funding. A special section discussing the growing use of ballot initiatives for roads, transit, open space, and water in the United States is included in addition to case studies illustrating how infrastructure leaders are using new technology, regional co-operation, and other strategies to move infrastructure projects forward.
