## MIGRANCY AND MULTILINGUALISM IN WORLD LITERATURE

Lit Verlag Apr 2016, 2016. Taschenbuch. Condition: Neu. Neuware - This volume, the third in a series of four on the general issue of Multilingualism in World Literature, is focused upon the relationship between Migrancy and Multilingualism, including its aquatic, terrestrial and globalizing imagery and ideology. The cover picture Wandering Tongues, an iconic translation of the book's title, evokes one of the paradigmatic figures of migrancy and multilingualism: the migrations of the early Mexican peoples and their somatic multi-lingualism as represented in their glyphic scripts and iconography. The volume comprises studies on the literary, linguistic and graphic representation of various kinds of migrancy in significant works of African, American, Asian and European literature, as well as a study on the literary archetype of human errancy, the Homeric Odyssey, mapped along its periplum and metamorphosis in world literature. 264 pp. Englisch.
