Many changes have taken place in the decade since Follow the Blue Blazes was first published, changes in the trails themselves and in the way we hike them. The Buckeye Trail still wends its way around the state of Ohio, following the course marked out by the characteristic blue blazes on trees and signposts along the way. In the intervening years, however, sections of the trail have changed their route, added amenities, or just grown more interesting. From the startling rock formations and graceful waterfalls of Old Man's Cave, to Native American mounds, battlefields, and scenic rivers, Connie and Robert J. Pond provide a captivating guide to often-overlooked treasures around the state. Each chapter features an overview of a 100-mile section of the trail and three self-guided featured hikes. The overviews and the accompanying maps may be read consecutively to acquaint the reader with the entire course of the trail. But most readers will best enjoy the trail by taking the guide along on one of the featured hikes. Each route is outlined on an easy-to-read map...
