It is an exciting illustrated puzzle book in a large, fun format - perfect for group activities. See if you can spot a hummingbird in the jungle, four turtles in the ocean, seven bats flying through the forest, and the artist's bike, which has cycled into every scene! Other themed locations include on safari, at the zoo, icy lands, by the pond, and farmyard fun. It concludes with a spot-the-difference game, and details to look out for again in the previous pages. Our artist, Peter, cycles all around the world on his old red bicycle. He pedals from the snowy Arctic in the far north to the steamy jungles of South America! The eight busy scenes in this show-and-tell-sized book are packed with animals to see and search for - from parrots to polar bears and dolphins to dragonflies. Peter is always so busy drawing and painting them that sometimes he can't remember where he has left his bicycle! Can you help him? Look carefully and, in addition to all the animals, you will find his bike somewhere in every setting.
