Vintage Publishing, United Kingdom, 2009. Paperback. Condition: New. Language: English . Brand New Book. Victor Frankenstein begins his anatomy experiments in a barn in the secluded village of Headington, near Oxford. The coroner s office provides the corpses he needs - but they have often died by violent means and are damaged and putrifying. Victor moves his coils and jars and electrical fluids to a deserted pottery manufactory in Limehouse. And, from Limehouse, makes contact with the Doomsday Men - the resurrectionists. Victor pays better than any hospital for the bodies of the very recently dead. Even so, perfect specimens are hard to come by. until that Thames-side dawn when Victor, waiting, wrapped in his greatcoat, on his wooden jetty, hears the splashing of oars and sees in the half-light that slung into the stern of the approaching boat is the corpse of a handsome young man, one hand trailing in the water.
